

# Juke Joint Jezebel (Metropolis mix)

## KMFDM

I can't reject this empty hole  
I cannot count the bloody cost  
I can't believe this wretched soul  
Come penetrate all this loss  
Come on and kill this sense of life  
And be the one who is denied  
Now show me one more upturned knife  
And fill the emptiness inside  
Be mine, sister salvation  
Juke joint Jezebel is coming for my cremation  
Be mine, sister salvation  
Closer now, see the revelation  
If I could leave my burning skin  
That has been used up in your sin  
Is there a tiny part of me  
Untouched, unsoiled by misery?  
Be mine, sister salvation  
Juke joint Jezebel is coming for my cremation  
Be mine, sister salvation  
Closer now, see the revelation  
I am the city that will lie  
You are the one that blame passed by  
This is the place where I will weep  
The loneliness of sweet conceit  
Be mine, sister salvation  
Juke joint Jezebel is coming for my cremation  
Be mine, sister salvation  
Closer now, see the revelation
