

Drive (Mt. Eden Remix)

[glades](#)

I'm caught up when you look at me
You let my heart breathe with ease
Chasing stars in our galaxy
Making our own make-believe I want you when the sun goes low
Your body warmth wants me close
You say you're always by my side
'Till my blood runs dry And I know that I won't be the same without you
Don't let this moment slip away I'll take you for a drive
Kiss me on the corner with your hand in mine

Ooh

Say you love me too

I'll give it to you

Freeze time when we align

Our love won't be confined

No way that the eye can hide

'Till the blood runs dry And I know that I won't be the same without you
Don't let this moment slip away I'll take you for a drive
Kiss me on the corner with your hand in mine

Ooh

Say you love me too Here to stay

You and I

Dancing in the colour of the golden light

Ooh

Say you love me too

I'll give it to you

I close my eyes

I don't wanna escape

Let the tides rise in my heart I'll take you for a drive
Kiss me on the corner with your hand in mine

Ooh

Say you love me too Here to stay

You and I

Dancing in the colour of the golden light

Ooh, say you love me too

I'll give it to you
