

# Even If I Wanted To

**Scott Dawson**

Even if I wanted to I could never say goodbye to you  
Cause honey you're a part of me like the branches on a maple tree  
We've had our share of ups and downs  
We've had our share of smiles and frowns  
I could never turn my back in you  
Even if I wanted to  
Tonight we had a quarrel an ugly shouting match  
It ended with a tearful hug without a single scratch  
Relationships ain't easy in fact it's hard, hard work  
Sometimes you are a stubborn mule and me a first class jerk

Lying here beside you in the quiet dark reflecting on those early days  
And that old familiar spark  
How I'd spend each waking moment looking deep into your eyes  
As I begin to pull you close I feel those flames begin to rise
