# Song In the Night (LP Version)

## Leslie Phillips

Verse 1:
After midnight all is still
And the world sleeps without a sound
Cold just cuts into your soul
And you know death is all around
As we gather on a hill
In the dark someone starts the song
Like an army we move out
To fight the evil and wrongChorus:
(and like a) song in the night
We will sing our way through darkness
And we'll be true to the light
And burn the gates of hell
Oh, the song in the night
Will bring life to those who hear it
And jesus has given us
A song in the nightVerse 2:
There are battles that we've lost
Though we've tried with all our might
But if we weren't such a threat
Then he wouldn't put up such a fight
As our song of triumph sings
It brings fear to satan's heart
And we lift our shield of faith
To catch his fiery dartsRepeat chorus
(we'll sing a...)InstrumentalRepeat chorus
(oh..and a song...)
