Pandemonium

The Time

I just can't hold backI just can't hold back
I just can't hold back
I just can't hold backDrop the base, drop the base
Drop the base, drop the base
Drop the base, drop the base
Drop the base nowI just can't hold back
I just can't hold back
I just can't hold backDrop the base, drop the base
Drop the base now
Drop the base, drop the base
Drop the base, drop the base
Drop the base, drop the base
Drop the base now
Drop the base nowI just can't hold back, I just can't hold back
I just can't hold back, I just can't hold back
I just can't hold back, I just can't hold back
Drop the base, drop the base
Drop the base, drop the baseI just can't hold back, I just can't hold back
Drop the base, drop the base
Drop the base, drop the base
I just can't hold back, I just can't hold back
Drop the base nowI just can't hold back, I just can't hold back
I just can't hold back, I just can't hold back
I just can't hold back, I just can't hold back
I just can't hold back, I just can't hold back
Drop the base now
