Answering Machine Skit

Trina

Hi, this is Trina and you've dialed the right number
But deffinty at the wrong time
So if you want me you must convince me
(Well I'll be damed, listen to that little bitch)
At the beep leave a message
Maybe I'll call you, maybe I won't choa
Convince you
Bitch before you got with those slip 'n' slide niggas you was all over me
Now you, con, maybe you
Bitch please you don't need a nigga no more, huh?
