

Leave It (Single Remix Version)

Yes

I can feel no sense of measure
No illusions as we take
Refuge in young man's pleasure
Breaking down the dreams we make real One down one to go
Another town and one more show
Downtown they're giving away
But she never came back No phone can take your place
Do you know what I mean
We have the same intrigue
As a court of kings Ah leave it, ah leave it
Dit, dit, dit, dit, dit, dit, dit
Doot, doot, doot, doot, doot, doot, doot Two down there you go
McArthur Park in the driving snow
Uptown they're digging it out
Better lay your claim Get home you're not alone
You just broke out of the danger zone
Be there to show your face
On another dreamy day Ah leave it, ah leave it
Dit, dit, dit, dit, dit, dit, dit
Doot, doot, doot, doot, doot, doot, doot Goodbye, goodbye, goodbye bad
Leave it
Hello, hello, heaven Goodbye, goodbye, goodbye bad
Leave it
Hello, hello, heaven I can feel no sense of measure
No illusions as we take
Refuge in young man's pleasure
Breaking down the dreams we make real Ah leave it, ah leave it Goodbye, goodbye, goodbye bad
Leave it
Hello, hello, heaven Goodbye, goodbye, goodbye bad
Leave it
Hello, hello, heaven
