

Sleep to Dream

Fiona Apple

I tell you how I feel but you don't care
I say tell me the truth but you don't dare
You say love is a hell you can not bare
Well I say give me mine back and then go there for all I care

Chorus

I got my feet on the ground and I dont go to sleep to dream
You got your head in the clouds your not at all what you seem
This mouth, this body and this voice can not be stifled on by your deviant ways
So dont forget what I told you dont come around I got my own hell to raise

I have never been so insulted in all my life
I could swallow the seas to wash down all this pride
First you run like a fool just to be at my side
Now you run like a fool but you just run to hide and I can't abide.

Chorus

Dont make it a big deal don't be so sensitive
Were not playing a game anymore you dont have to be so defensive

Don't you plead me your case dont bother to explain
Don't even show me your face cause its a crying shame
Just go back to the rock from under which you came
Take the sorrow you gave and all the stakes you claim
And dont forget the blame

Chorus x2
