I Choose U (Acoustic)

Timeflies

Late nights, New York, trouble on my mind
Crosstown to the west and I'm wasting my time
Down south, back roads, dust clouds the air
Chevrolet in the back seat but it wasn't thereMissed the flight at Heathrow
Got stuck up in a one room flat
'Cause she's so fit, trying to hold me down
While I was just trying to get backMalibu, beach blonde, crashing on these shores
Smile shining like gold
But that smile wasn't yours
And I know, I know, I know, I knowEverybody needs somebody to love
Everybody needs somebody to love
And I choose you, and I choose you
Everybody needs somebody to love
Everybody needs somebody to love
And I choose you, and I choose you
And I choose you
And I choose youHigh heels, dirty talk, handcuffs and chains
Nails down my back but I never knew her name
Bright eyes, sundress, Daddy's little girl
She changed my life, but you changed my world
And I know, I know, I know, i knowEverybody needs somebody to love
Everybody needs somebody to love
And I choose you, and I choose you
Everybody needs somebody to love
Everybody needs somebody to love
And I choose you, and I choose you
And I choose youYou're every place that I've been
Baby you're every face that I've seen
You're everywhere and I'm going crazy
Your body's rocking my dreams
You're always up in my mind
You're everywhere that I go
You're everything in this town
So girl I'm letting you knowThat I'm rolling up in a fly whip
Come ride this and just close your eyes
Showing up with my sidekick
My superhero with a dope disguise
No wonder woman all our dreams are coming true
So don't be scared of losing me

'Cause I'm always choosing youEverybody needs somebody to love
Everybody needs somebody to love
And I choose you, and I choose you
And I choose you
Everybody needs somebody to love
And I choose you
I need somebody to love
I need somebody to love
I need somebody to love
I need somebody to love
And I choose you
