

Freedom (Mark Pichiotti Strumapella Remix)

Erasure

Freedom will come to real love
Heaven will come for real love
Run away when it hurts from the things that we do
Don't know why we cry, run away from the truth
Children of new men, colors of human kind and shadow
Good is your loving, growing, sharing storms (stories?)
Believe
You've got to believeBroaden the day
Freedom will come
And we will arise to real love
Day by day, heaven will come
And we will survive for real loveCherish the union
A light in a strangers eyes
Your guardian angel will make all the wrong things right
Believe
You've got to believeBroaden the day
Freedom will come
And we will arise to real love
Day by day, heaven will come
And we will survive for real love
