

# Here

Aslyn

I know that you want me to dream  
Don't mind dreaming  
But if it's all a waste if your heart won't breathe  
I'll choose to stay awake and make a mess Here's my blank confession  
The sun in me will die if you bottom out  
So while smiles don't stick around I'll be here, if you want me  
I'll be here, if you need me  
I'll be hanging on a cloud of open invitation  
Holding on to that keeping you here Sounds like a roof came down on you  
Left windows nagging  
And you were edged between getting away  
And feeling slapped and blue Here's a song that will never be too far  
My love protest of how I care  
So while you feel that you're caught there I'll be here, if you want me  
I'll be here, if you need me  
I'll be hanging on a cloud of open invitation  
Holding on to that keeping you here, I'll be here I know that you want me to dream  
And I don't mind dreaming  
But if it's all a waste if your heart won't breathe  
I'll choose to stay awake I'll be here, if you want me  
I'll be here, if you need me  
I'll be here, if you want me  
I'll be here, if you need me  
I'll be here, I'll be here I'll be with you  
Come to me  
May grace be with you  
Gently keep you here
