

Speak a Word

Dr. Tumi

We have gathered here
That we may hear you speak
Let your will be done
In our lives today
We yielded to your word
Lord we choose your ways
We tired of our own
It fails us many times

Speak a word and we will move
Speak a word and we will do
Speak a word we will go
Weâ€™ve come for direction

Speak a word and we will lead
Speak a word and weâ€™ll be healed
Speak a word we will go
Weâ€™ve come for direction

We wait on you
To lead us,direct us
Show us the way we need go

Your word is all we need
Your word is all we need
Your word is all we need
Weâ€™ve come for direction
