

# One Drop

## Phoebe One

I need you, and you need me  
Left alone, we will never be who we could be  
So take my hand and, don't forget that  
We can do anything together

Oh oh oh oh oh oh oh oh  
Just one drop of your love  
A single ray of sun  
Just one thing to change the world  
It's just you and me  
Starting with a dream  
And giving it all we've got  
Only takes one drop  
(Oh oh oh oh oh oh oh oh)  
Only takes one drop  
(Oh oh oh oh oh oh oh oh)  
Only takes one drop  
Only takes one drop

Come with me now, look and see how  
There's an ocean overflowing with our hope so  
Let's jump in and, take a swim, it's  
You and me, yeah forever

Oh oh oh oh oh oh oh oh  
Just one drop of your love  
A single ray of sun  
Just one thing to change the world  
It's just you and me  
Starting with a dream  
And giving it all we've got  
Only takes one drop  
(Oh oh oh oh oh oh oh oh)  
Only takes one drop  
(Oh oh oh oh oh oh oh oh)  
Only takes one drop  
Only takes one drop

I need you, and you need me

We can do anything together

Oh oh oh oh oh oh oh oh

Just one drop of your love

A single ray of sun

Just one thing to change the world

It's just you and me

Starting with a dream

And giving it all we've got

Only takes one drop

(Oh oh oh oh oh oh oh oh)

Only takes one drop

(Oh oh oh oh oh oh oh oh)

Only takes one drop

Only takes one drop
