

Gum

Mustard Plug

Chewin' Chewin', Chewin' my gum. Chewin' Chewin', Chewin' my gum. I
didn't know that it could be so much fun, to spend my life just
chewin' gum. Chewin' Chewin', Chewin' my gum.

I

say it is a natural obsession, in fact it's on my very posession. So
super fruity, you're makin' me chew. I'm so glad that I found you
underneath the stool. With all the gum that passes my way, in my mouth
you will always stay. I

vow to stick with you through thick and thin,
even though the cavities are starting to set in.

Chewin' Chewin', Chewin' my gum. Chewin' Chewin', Chewin' my gum. I
didn't know that it could be so much fun, to spend my life just
chewin' gum. Chewin' Chewin', Chewin' my gum.

My friends say that it will never last, said soon your flavor will be
a thing of the past. But I don't listen to a wordt hey say because I
know that you were the best part of my day. With all the gum that
passes my way, in my mouth you will always stay. I vow to stick with
you through thick and thin, even though the cavities are startin' to
set in.

Chewin' Chewin', Chewin' my gum. Chewin' Chewin', Chewin' my gum. I
didn't know that it could be so much fun, to spend my life just
chewin' gum. Chewin' Chewin', Chewin' my gum.
