

# Two of a Crime

**Miranda Lambert**

[Miranda Lambert]

Red rose on painted lips, putting on Chanel  
Picking parliaments  
Side by side like fuzzy dice  
It looks good, kill  
We'd be doing time We're a deadly combination, you and me  
The way I play it cool  
And you bring the heat  
But I got your back  
And I know that you got mine  
That makes us two of a crime Whatever gets that contraband  
& Southern charm, go hand in hand  
Fooling all the Federales,  
Shootin' tequila  
Hide in the palace We're a dirty combination, you and me  
The way I play it cool  
And you bring the heat  
But I got your back  
And I know that you got mine  
That makes us two of a crime
