

Jah Rule the Universe

Jah Cure

Oh yeah Oh yeah
I am Jah cure
Them see me walk in Jah earth
And them say me not working
Worse up the mission
But them couldnâ€™t hurt me
Through the powers of the word
They couldnâ€™t reverse this
A Jah Jah work
Every man deserve this

Eh! I man a soldier, Vision of Glory
I see it clear, everything you throw at me
You seen your teaching, you tell me your story
I and I journey inspire my story hey!
My reward isnâ€™t here on earth
Hey hey
Every man must know his worth

Though we trodding right through the valley
I fear no flesh on earth
Ainâ€™t no doubt about it, coz jah rule the universe

Even though we walk right through the valley
I fear no flesh on earth
Aint no doubt about it, Jah rule the universe Oh!

I am Jah cure, to the world
Just want you to know oh oh oh

Donâ€™t watch the things that them say
Coz they will lead you astray

Know what them games that they play
No way no way
hey hey
Your reward isnâ€™t here on earth
Hey hey
Nothing is there for no reward

Though we trodding right through the valley
I fear no flesh on earth
Aint no doubt about it, coz Jah rule the universe

Even though we walk right through the valley
I fear no flesh on earth
Aint no doubt about it, coz Jah rule the universe oh

Though we trodding right through the valley
I fear no flesh on earth
Aint no doubt about it, coz Jah rule the universe

Even though we walk right through the valley
I fear no flesh on earth
Aint no doubt about it, coz Jah rule the universe oh

I am Jah cure, for the world
Just want you to know
