

Tijuana

Nick Carter

We were south of the border in Mexico
On a way to Rosarito by the side of the road
There was a turn cantina where the drinks were free
Every shot went down like gasoline We're from a 5 minutes stop to a drunk all nighter
She was a dancing habanero every caballero wanted to ride her
And now I can't find her Oh, I left my girl in Tijuana
And now I'm never gonna find her
Last thing I remember we were throwing back tequila
Oh, I left my girl in Tijuana
And now I'm never gonna find her
Last thing I remember we were throwing back tequila All I ever wanted was a quiet weekend
Now all the federalis are all around me
And they're asking me questions
And as they lock me away all I can say is my only regret
Is that I wish I had a camera when she made out with those senioritas
Que loca mi vida Oh, I left my girl in Tijuana
And now I'm never gonna find her
Last thing I remember we were throwing back tequila
Oh, I left my girl in Tijuana
And now I'm never gonna find her
Last thing I remember we were throwing back tequila La la, la la, la la, la la, where did my baby go?
La la, la la, la la, la la, where did my baby go?
La la, la la, la la, la la, where did my baby go?
La la, la la, la la, la la, where did my baby go?
Last thing I remember we were throwing back tequila Oh, I left my girl in Tijuana
And now I'm never gonna find her
Last thing I remember we were throwing back tequila
