

I Want You

Kelly Clarkson

Hot temper with the shortest fuse
You're such a mess with an attitude
You working hard but you're paying more
You never talk 'cause you don't have to
You got a job but you hate the man
Who takes it all like Uncle Sam I want you you you you you you
I I I I I I want you Out of gas so you walk for miles
To pick me up in your worn out shoes
You never settle or never take too much
You count on me just like I count on you
Kiss me like when I first saw you
Figured out couldn't be without you You you you you you you
I I I I I I want you
I want you you you you you you
I I I I I I want you No one else will do
I want
No one makes me smile
I want
No one gets me how
I want
No one else is you you you I want you you you you you you
I I I I I I want you
I want you you you you you you
I I I I I I want you You're so hot tempered with the shortest fuse
You're such a mess with an attitude You you you you you you
I I I I I I want you
I want you you you you you you
I I I I I I want I want I want I want No one else will do
I want
No one makes me smile
I want
No one gets me how
I want
No one else is you you you I want you you you you you you
I I I I I I want you
I want you you you you you you
I I I I I I want you
I I want you You and me walking together
Screwing up for worse or for better You you you you you you

I I I I I I want you
