

Not F***** Around

Big D And The Kids Table

Okay, I'll answer for real
If I found myself stranded on an island with 6 million girls,
Well, I'd put them all to work
We'd build a kickass sailboat to get me back to you
See, I'm not fucking around I just love how you come up with these
You're saying if I was drunk and away on tour
and if we were in a oobleck big fight
and then some loosey twit started flirting with me
Well, even drunk and bummed out I'd say you best move on girl,
I ain't mess around No!
Whoah-oh-oh-oh
Yeah-yeah-yeah-yeah So do you have it straight? If not keep on asking
The bar's open late and I don't mind
Until you finally see, with you, I won't be fucking around
Sure, we'll have two more drinks, and just a bit closer
Hit me with another of your silly questions
When the sun comes up, you'll see I won't be fucking around If a friends from school days brought me to a strip
club,
bought me some of those lap dances, say what would I do then?
Well, I'd have to point to Mikey, see he don't have much luck with the ladies
Tell the girls "There, that's me,"
then I'll call you up so we can razz it around, yeah
Whoah-oh-oh-oh
Yeah-yeah-yeah-yeah So you have it straight and I'll keep on asking, the bars open late and I don't mind till'
you finally see with you I won't be fucking around. Sure, well add two more drinks, come sit a bit closer, hit
me with another of these silly questions, when the sun comes you see I won't be fucking around, never be
fucking around. Ooooooh not fucking around. Ooooooh not fucking around. What if you high school girlfriend
showed up while I was away?
Well, I'd go under the sink
and grab some insect repellent and spray that girl away!
Yeah, I'll stop my stealing
I'll stop my fighting
I'll change my dirty ways
For you just you yeah
I'm damn well smart
and I won't be fucking around
So are you feeling good?
Do you know I'm yours?
Raise up that head and those cute shoulders

Let's head on home
I'll never be fucking around
