Mariah

Jadea Kelly

I've got nothing to give
Mariah, your just the wind
Lifting his love from me

How did you beg him to leave
Mariah, you're just the breeze
Lifting his love from me

And you won't stop, you can't stop
Playing with cold hearts

It's innocent, just a thrill
Not to deceive
Starred straight into my eyes for years I believed
But you don't see that do you

Made a fool of me
And bathed it in lace
That is not affection, that's deception
that you paint on your face

But you don't feel that
Cause you won't stop
You can't stop playing with cold hearts
You won't stop, you can't stop
Playing with my mind
Ohhh a la la

Ohhhh

Mariah, all you ever wanted was
A love that was pure
Poured your soul into his hands
And all he felt was the dirt
But you don't feel dirt now do you

Such a sick torn game that you left on my door
Found strands of you on his bedroom floor

But you don't see that do

And you won't stop
Cause he won't stop
Playing with cold hearts
You won't stop, you can't stop
Playing with my mind
And in my life

Ohhhh

You won't stop
I can't stop
Crushing the glass you raced through

I have got nothing to give
Mariah, you are the wind
Lifting his love from me
