

# Drink Dat (feat. Wiz Khalifa)

## Thundercat

Can't open my eyes, girl  
'Cause I'm just too wasted  
You're taking me higher  
Straight shots with no chaser  
I'm up past the clouds  
Can't come down, we're too faded  
Way out in the stars  
She said, "come to outer space"Then she said, "drink dat, drink dat  
Drink dat, drink dat"  
She told me, "drink dat, drink dat  
Drink dat"  
Then she saidThe night is almost over  
But we still wanna party  
Ain't no one in here sober  
The weed I'm rolling's gnarly  
These bitches love sosa  
These niggas want some molly  
I'm just chillin', gettin' high as fuck  
Lookin' boss in my cavalli  
Smokin' papers, no blunts  
Writin' "turn up" on our cups  
'Cause we gon' do that  
Someone get another bottle of gin  
We just ran through that  
Made a million out of nothin', thought you knew that  
Hatin' on my crew swag, that's too bad  
Walk up in the party, they like, "who that?"  
Pourin' shots, ain't worried 'bout precautions or the cost  
'Cause we goin' far, another drink, it might be a problem, I can'tCan't open my eyes, girl  
'Cause I'm just too wasted  
You're taking me higher  
Straight shots with no chaser  
I'm up past the clouds  
Can't come down, we're too faded  
Way out in the stars  
She said, "come to outer space"Then she said, "drink dat, drink dat  
Drink dat, drink dat"  
She told me, "drink dat, drink dat  
Drink dat"

Then she said We young, black, hollywood, we turnin' up  
No turnin' down, even though we prolly should

I pass some drugs to you, it's prolly good

I know that we famous

Here's some red cups with shots

We should probably take 'em

Smokin' out on private property

Haters stay up and watch while we drink

Music low in case the neighbors call the cops on us

Niggas hate and bitches hate, all in the same

So take this cup of bombay and drink all of it straight

Startin' to realize what this party shit can feel like

We take the movies and the songs, make 'em real life

Live for the moment, ain't worried what it end like

Go to the roof and hit the bong, have a good night

Now you should know what the play is

Don't really know what I'm feelin'

Sometimes I go through these phases

That mean we both feelin' faded

I mean we both feelin' faded

I really hope that we make it Can't open my eyes, girl

'Cause I'm just too wasted

You're taking me higher

Straight shots with no chaser

I'm up past the clouds

Can't come down, we're too faded

Way out in the stars

She said, "come to outer space" Then she said, "drink dat, drink dat

Drink dat, drink dat"

She told me, "drink dat, drink dat

Drink dat"

Then she said
