

Boogie For George

Ufo

Goin' down to george's where you just have been
To see if you've been boogie-ing, ah you know what I mean
My left leg's dragging my right leg's I imp
My heads so wavy and I can't feel it
I gotta see you baby, you'll be alright
I wanna boogie baby, boogie tonight
--long jam-

Well old george is boogie-ing he's been a boogie-ing with you
Ah I wanna boogie w u baby
I wanna boogie all night long
I wanna move with you I wanna move
I wanna shake, wanna boogie too
I wanna boogie . . . boogie
(---jam-and fade--)
