Bad Chick

SoMo

What a bad chick
She wants to flaunt it
Got that look in her eyes
She wants to own this
What a grown chick
Beautiful lips
Dipping and sliding
She wants to roll them hips

She wants to drop them hips, take it low
Even cab drivers pay her tolls
Sheâ€™s got it all in a handbag
Donâ€™t need a man to make it home
Sheâ€™s superwoman without a cape
Makes all her money, wonâ€™t call it cake
And ainâ€™t no one gonâ€™ call her fake
Wonâ€™t stress that, call her own fate
Independent chick, you can bet that
Got her own whip, you can check that
Matter fact, you can be the valet
And go and park it out back
Where the rest of the best is
And sheâ€™ll stop it, dip
Make the guys all slip
Into a grown love, she can own love
Donâ€™t have to say that sheâ€™s on

What a bad chick
She wants to flaunt it
Got that look in her eyes
She wants to own this
What a grown chick
Beautiful lips
Dipping and sliding
She wants to roll them hips
Wants to roll them hips
Wants to roll them hips
Dipping and sliding
She wants to roll them hips

Wants to roll them hips
Wants to roll them hips
Dipping and sliding
She wants to roll them hips

She wants to drop them hips, take it low
Got her own class, so take a note
She can move fast, or take it slow
Itâ€™s up to her, Captain of the boat
Does her own thing, leader of the team
Knows what to taunt to make heads lean
On the dance floor like a movie scene
Moving round & round, carousel queen
And sheâ€™ll stop it, dip
Make the guys all slip
Yeah sheâ€™ll stop it, dip
Make the guys all slip
Yeah-yeah, sheâ€™ll stop it, dip
Make the guys all slip
Into a grown love, she can own love
Donâ€™t have to say that sheâ€™s on

What a bad chick
She wants to flaunt it
Got that look in her eyes
She wants to own this
What a grown chick
Beautiful lips
Dipping and sliding
She wants to roll them hips
Wants to roll them hips
Wants to roll them hips
Dipping and sliding
She wants to roll them hips
Wants to roll them hips
Wants to roll them hips
Dipping and sliding
She wants to roll them hips

Oh, way you rock them hips so low
Way you talk your lips just glow
Moving side to side, oh
Will you pose for me or no?
All the way down, down
Down, down

All the way down, down
Down, down

I just, I just, I just
Want a bad chick
She wants to flaunt it
Got that look in her eyes
She wants to own this
What a grown chick
Beautiful lips
Dipping and sliding
She wants to roll them hips
Wants to roll them hips
Wants to roll them hips
Dipping and sliding
She wants to roll them hips
Wants to roll them hips
Wants to roll them hips
Dipping and sliding
She wants to roll them hips
