Mysterious Ways

U2

Johnny take a walk with your sister, the moon
Let her pale light in to fill up your room
You've been living underground, eating from a can
You've been running away from what you don't understandLove, she's slipping, you're sliding down
Will she be there when you hit the ground?It's alright, it's alright, its alright
She moves in mysterious ways
It's alright, it's alright, its alright
She moves in mysterious waysJohnny take a dive with your sister in the rain
Let her talk about the things you can't explain
To touch is to heal, to hurt is to steal
If you want to kiss the sky, better learn how to kneelOn your knees boySHe's the wave, she turned the tide
She sees a man inside the childIt's alright, it's alright, its alright
She moves in mysterious ways
It's alright, it's alright, its alright
She moves in mysterious ways, yeahIt's alright, it's alright, its alright
Lift my days, light up my nightsOne day you look back and you see
Where you were held out by this love
While you can stand there, you could move on this moment
Follow this feelingIt's alright, it's alright, its alright
She moves in mysterious ways
It's alright, it's alright, it's alright
She moves in mysterious waysIt's alright, it's alright, it's alright
We move through the miracle days
It's alright, it's alright, it's alright
Spirit moves in mysterious waysIt's alright, it's alright, it's alright
(It will move you now, she moves with it)
Lift my days, light up my nights
