Scarred for Life

Ignite

seems disgraceful
how many faces i've touched
seen so many stranger now
that i don't remember any of their names
i just push awaynever been in love with anyone ever
never been in love with anyonefinding out the hardest way
increasing your numbers
only makes your emotions fade
really am letting it slip away
i can't get a grip - i can't get a gripall alone - all alonesomeone out thee has got to know
how to hide your lies when your mouths all full
because it's getting late in the day
i'm going to die this way
all alone...
