Death And Destiny Inside The Dream Factory

Rob Zombie

Free your mind and feel the passion, baby
Death and sun tan still in fashion, baby
Hollywood, in Hollywood
Crush your idols, they can afford it, baby
Permanently vile and fascinating
Hollywood, in Hollywood
Break it down
Please stop calling
I'm so sick
I think I'm falling
Inside the mind fucking
Meat grinding
Unwinding
Soul sucking
Factory of all your dreams

Cinema regressing at you, baby
Charge it to production, will you baby?
Hollywood, in Hollywood
Somewhere in a canyon, death is waiting
Hippie freaks and convicts congregating
Hollywood, in Hollywood
Break it down
Please stop calling
I'm so sick
I think I'm falling
Inside the mind fucking
Meat grinding
Unwinding
Soul sucking
Factory of all your dreams
