

No Regrets

Intergalactic Lovers

Advisory - the following lyrics contain explicit language:

Put your money where your goddamn mouth is
Put your hands where your lust wants it
You've been trying hard to claim her
Believe me, you'll never get it
I, I never say that I would stay forever
I, I'm bad in love and keeping this together
She's so easy to love but too hard
Too hard to tie down
That's when you say you'd save her
She ran away now
Try and see it her way
Try and see the other way
Don't you know you'll lose
That's what I say
I, I never say that I would stay forever
I, I'm bad in love and keeping this together
No-o-o, no regrets that's what I sell myself
And no-o-o, no regrets that's how I wanna get older
N O to regret I say N O to regret
N O to regret I say N O to regret
And I say no-o-o-o I say no-o-o-o
I, I never said that I would stay forever
I am bad in love and keeping it together
I, I never say that I would stay forever
I, I'm bad in love and keeping it together
No-o-o, no regrets that's what I tell myself
And no-o-o, no regrets that's what I sell myself
No-o-o, no regrets that's what I tell myself
And no-o-o, no regrets that's how I wanna get older
