Show You

Charlie Wilson

I wanna know you be a go to
I wanna say
(Verse)
I never felt this way about a lady
24/7 on my brain is you
It's always a yes with you, it's never maybe
Even if you were wrong I'd see your point of you
(Verse)
When you're around it brings a piece of heaven
And all of my troubles in this world are gone
These are a few of the reasons why
(Chorus)
I wanna know you be a go to
Give you everything you need
I'll show you
Do what I supposed to, never control you
Every single part of me, I owe you
I only wanna see you happy
So girl it's whatever
I wanna know you be a go to
Give you everything you need
I'll show you
(Verse)
Now tell me everything that gets you angry
So I can remember what not to do
Straight to your heart is why I'm in there baby
So ready or not girl I'm about to shoot
(Chorus)
I wanna know you be a go to
Give you everything you need

I'll show you
Do what I supposed to, never control you
Every single part of me, I owe you
I only wanna see you happy
So girl it's whatever
I wanna know you be a go to
Give you everything you need
I'll show you

(Bridge)
Girl today I let you go
Yesterday the sun will show
And girl I promise I'll be there
Until the ground's in the air
It may sound crazy but I'm a fool for you
My only agenda in life is to show you
(Chorus)
I wanna know you be a go to
Give you everything you need
I'll show you
Do what I supposed to, never control you
Every single part of me, I owe you
I only wanna see you happy
So girl it's whatever
I wanna know you be a go to
Give you everything you need
I'll show you
Everybody sing
I'll show you
I'll show you
I'll show you
I'll show you
I'll show you
