

Reigning Fire

Voodoo Monkey Child

Once when you would stop to hear
The music of nature was so near
Lofty trees against the blue
Gentle sunlight flowing through
Now the race of human kind
Is beneath the demon's hand
A thousand points of light are drowned
As we deny our planet's land

The Reign of Fire
Smoke fills the sky
Gone is the beauty
No... no reason why

Canopy of deepest black
Holes where the stars shine through
Flames of hell glow in the night
Easier to burn than to move
Forest and meadow covered over
Too many people, nowhere to run
God's creation blotted out
In the twilight of a setting sun

The Reign of Fire
Smoke fills the sky
Gone is the beauty
No... no reason why

Spirits of the Mother Earth
You must rise to heed our call
For the evil killing hand
Someday soon will sweep the land
Reckon for a change in time
They had stood to reconcile
Change our way, the time is now
Before we are all wiped out

The Reign of Fire
Smoke fills the sky
Gone is the beauty

No... no reason why
