I praise you for the rivers the mountains and the streams
I praise you for the eagle, the visions and the dreams
I praise all your creations the mountains and the streams
I praise you for the eagle, the visions and the dreamsI praise you for my children the mountains and the streams
I praise you for the eagle, the visions and the dreams
I praise you for my people the mountains and the streams
I praise you for the eagle, the visions and the dreams
The visions and the dreams, the visions and the dreams
