Notorious

Donald D

Notorious
Hey, hey, hey
Ooo yeah
Well there's a lone wolf out on the prowl tonight
Lurkin' in the shadows, always out of sight
I said, "Little girl, don't you hesitate 'cause you're usin' live bait"
Senorita, solitaire, you got a certain kind of savoir-faire
'Cause you're no no, no no, no no, no no, notorious
Everything you want, everything you need
'Cause you're no no, no no, no no, no no, notorious
Every mother's nightmare, every schoolboy's dream
Everybody by name, every trick in the book
Everywhere that she goes she gets those dirty looks
I said, "Little girl, don't you hesitate 'cause you're usin' live bait"
Senorita, solitaire, you got a certain kind of savoir-faire
'Cause you're no no, no no, no no, no no, notorious
Everything you want, everything you need
'Cause you're no no, no no, no no, no no, notorious
Every mother's nightmare, every schoolboy's dream

Lock me up
I wanna be your prisoner
Lock me up
I wanna be your slave
I, I, I, I said, "Little girl, don't you hesitate 'cause you're usin' live bait"
Senorita, solitaire, you got a certain kind of savoir-faire
'Cause you're no no, no no, no no, no no, notorious
Everything you want, everything you need
'Cause you're no no, no no, no no, no no, notorious
Every mother's nightmare, every schoolboy's dream
'Cause you're no no, no no, no no, no no, notorious
Everything I want, everything I need
'Cause you're no no, no no, no no, no no, notorious
Every mother's nightmare, every schoolboy's dream
Every schoolboy's dream, oo yeah
Lock me up
