

Easy Living

W.A.S.P.

This is a thing I've never known before
It's called easy living
This is a place I've never seen before
And I've been forgiven[REFRAIN:]
Easy living, and I've been forgiven
Since you're taking your place in my heartSomewhere along the lonely road
I had tried to find you
Day after day on the winding road
I have walked behind you[REFRAIN:]Waiting, watching, wishing my whole life away
Feeling, fainting, ready for my happy daySomewhere along the lonely road
I had tried to find you
Day after day on the winding road
I have walked behind you[REFRAIN:]
