

# Lost Ones

## MoniNayo

Some girls are innocent  
Some girls are sluts .  
Some girls you wait for .  
Some give it up.  
Some girls you wife.  
Some, you just like.

There's one girl in the world that gave you you're life.  
That one girl so on bruh, she raised you upright.  
That one girl and some girls could they be alike?.

Some girls is bitches.  
Some girls is smart.  
Some girls got vision.  
Some girls is whores.

Some girls wear nothing and then they get judged.  
I know that she fucking, she stay in the club.

Some rumor was stupid  
Some of them was true  
Some nigga made up, had nothing to do.

There's one girl or some girls that came from your mom. And you stop at nothing to save them from harm.  
You lay down your life.  
Dont make it alright.  
Those one girls or some girls could they be alike?.

Some girls so Florida.  
Some girls so sweet  
Some girls so brooklyn.  
Them girls peck peep.

Some girls who pop off .  
Some girls who just pop talks .  
Some girls are ride or die  
Others get dropped off.

Some girls act like niggas I swear they too strong.  
We fight and we bicker and don't get along.

Black girls got additude.

White girls submissive.  
Spanish girls freaky.  
Them Asians so gifted.

But one girl in the world she gave you, your mom. Was down for you her love filled for you her name on your arm.

And maybe I'm wrong but maybe I'm right.

Those one girls or some girls could they be alike.
