Ride On (feat. Caron Wheeler)

Soul II Soul

Ride on ride on
Ride on ride onThere's a stop light up ahead
It appears to be reading red
So, I stop to see
Which way is best for meMany avenues go east and west
Which will I choose, the right or left?
'Cos I got no time to lose
You see I must be freeI'll head for the East
Where I'll find peace, where I'll find peace
As I pump two tune underneath the moon
Going through the night till sunrise
As I ride, as I ride onRide on, bumpa to bumpa groovin'
Ride on, bumpa to bumpa groove
Ride on, bumpa to bumpa groovin'
Ride on, bumpa to bumpa grooveNow the journey has begun
As I'm breezin' into the sun
Still I wait to see
Which way is best for meMany avenues go East and West
Which will I choose
Going forward
No turning back for meI'll head for the East
Where I'll find peace, where I'll find peace
As I pump two tune underneath the moon
Going through the night till sunrise
As I ride, as I ride onRide on, bumpa to bumpa groovin'
Ride on, bumpa to bumpa groove
Ride on, bumpa to bumpa groovin'
Ride on, bumpa to bumpa groove
