

# Just Be Free

## Christina Aguilera

Oh, yeah yeah yeah  
Move it to the rhythm  
On your feet, on your feet, ohh  
Rap to the beat, yeah  
Move it to the rhythm Dance floor's open, feeling free  
Music's pumping to get on your feet  
Take a chance and feel the beat  
Get on up and, you gotta dance with me Just be free (on your feet)  
Now stop moving, no way  
On your feet (on your feet)  
Move it to the rhythm (oh)  
Just be free  
Now stop moving, no way  
On your feet (on your feet)  
Move it to the rhythm Don't you see, you just can't fight  
We'll be dancing till the morning light  
Just keep going, don't let it slip away  
There's no stopping till the break of day On your feet (oh) On your feet (oh)  
On your feet  
Move it to the rhythm (oh) Dance floor's open, feeling free  
Music's pumping to get on your feet  
Take a chance and feel the beat  
Get on up and, you gotta dance with me Just be free (on your feet)  
Now stop moving, no way (oh)  
On your feet (on your feet)  
Move it to the rhythm (oh)  
Just be free (on your feet)  
Now stop moving, no way  
On your feet (on your feet)  
Move it to the rhythm Don't you see, you just can't fight  
We'll be dancing till the morning light  
Just keep going, don't let it slip away  
There's no stopping till the break of day  
(Don't stop it...) Just be free  
Now stop moving, no way  
On your feet (on your feet)  
Move it to the rhythm (oh)  
Just be free (oh)  
Now stop moving, no way

On your feet  
Move it to the rhythm You're moving, you're moving  
Oh oh oh yeah yeah, oh  
Oh, oh, no, oh, oh ooh oh yeah yeah Just be free (on your feet)  
Now stop moving, no way  
On your feet, on your feet, oh  
Move it to the rhythm On your feet (oh)  
(On your feet)  
On your feet  
Move it to the rhythm (oh) Just be free (on your feet)  
Now stop moving, no way (oh)  
On your feet (on your feet) Yeah yeah, hey hey hey, oh  
Move it to the rhythm Just be free  
Now stop moving, no way  
On your feet (on your feet)

On your feet (on your feet)  
Move it to the rhythm (oh) On your feet (oh)  
(On your feet)  
On your feet  
Move it to the rhythm (oh)  
Just be free (on your feet)  
Now stop moving, no way  
On your feet Just be free  
Now stop moving, no way  
Never never stop moving  
Never, never, never  
Stop moving
