Only With Me

Reggie and the Full Effect

Advisory - the following lyrics contain explicit language:

Did you confess today
Tell yourself you're not afraid
Did you decide to stay
Hoping maybe might have paidSay you'd not done this before
And you'd feel like a whore only with meCould you believe in me
Tell you're something I might see
Should you believe in me
If I said I'd always beSay you'd not done this before
And you'd feel like a whore only with meStay by me I've done this before
And you'd feel like a whore only with meAnd you'd feel like a whore
And you'd know what's in store
And you'd feel like a whore
And you'd feel like a whore
And you'd feel like a whore only with meDid you confess today
Tell yourself you're not afraid
Did you decided to stay
Hoping maybe might have paidSay you'd not done this before
And you'd feel like whore only with meStay by me I've done this before
And you'd feel like a whore only with me
And you'd feel like a whore
