

# Headache (Spacedog's Tylenol Remix)

[Liz Phair](#)

I can see the Russian Army rolling through my head  
On one side of me lies the enemy, the other half is dead  
I've got diamonds and I've got pearls  
And I said, "Hey mister, won't you come for me?"  
You can take me home, but I will never be your girl  
I won't let your mystery unfurl That's the whole thing about it  
I'm so in love today  
I've been waiting at the bus stop  
Come my way? "Hey mister, won't you come for me?"  
I'm a psychosomatic sister  
Running around without a leash  
You can take me home, but I will never be your girl  
I won't let your mystery unfurl With the Russian army rolling in my head  
Snow is falling, January's all across the land  
I've got seven other men in the ditches behind me  
And I think I'm the last survivor  
"Hey mister, won't you come for me?"  
I'm a psychosomatic sister  
Running around without a leash  
You can take me home, but I will never be your girl  
I won't let your mystery unfurl
