## Caravan

## **The Fendermen**

In a world lit only by fire
Long train of flares
Under piercing stars
I stand watching the steam-liners roll by
The caravan thunders onward
To the distant dream of the city
The caravan carries me onward
On my way at last, on my way at last

I can't stop thinking big
On a road lit only by fire
Going where I want
Instead of where I should

I peer out at the passing shadows Carried through the night into the city

Where a young man has A chance of making good

A chance to break from the past

The caravan thunders onward

Stars winking through the canvas hood

The caravan thunders onward

On my way at last, on my way at last

I can't stop thinking big

In a world where I feel so small

I can't stop thinking big

In a world where I feel so small

I can't stop thinking big
