

# Never Let Me Go

[Nikki Sudden](#)

Never let me go  
Never let me go  
Never let me go  
Never let me go  
Never let me go Did the slip-slide in your dungarees  
Finally brought me to my knees  
Send your telegrams to the Pope  
But never, ever gave up hope  
Don't you ever, ever  
Don't you ever  
Oh! Never let me go  
Oh! Never let me go.  
Your spaceball boots they did the dance  
Ev'rything you took your chance  
Your children's books, your bohemian looks  
You never, ever learned how to cook yourself  
Never gave up on me  
Don't you ever let me go  
Oh! Never let me go  
Never let me go. I told you a time or two  
Sometimes I told you a time or more  
'Bout the things that lie, they hid them there  
Broken down behind your door. An' all the Pharisees and all their tribes  
They always rule, always divide  
But never, never, never, never, never  
Never let me go.  
Don't you ever, ever let me go  
Don't ever let me go now  
Don't you ever let me go. Just like the Bible tells you so Brought up on the Bible  
Brought down by the Lord.  
Turn your hands with a turn of the sword  
Don't ever let me go. You know I love you so.
