If Only

Jordyn Benedict

I've always assumed the best out
Of somebody new,
And I'd never thought that I'd run in
To someone like you

It breaks my heart, to blame you for just being you,
But when go around acting like fool
What else can I do ?

If only you knew what you'd done to me
If only you knew, if only knew
How you chew me up and swallow my dignity
If only you knew, what would you do ?

And if you're saying sorry,
How can I believe it's true ?
When you left me on a ledge here,
Hanging to you

Oh, it breaks my heart, to blame you for just being you
But when you go around acting like a fool,
What else can I do ?

If only you knew what you'be done to me
If only you knew, if only you knew
How you chew me up and swallow my dignity
If only you knew, what would you do ?

La da da da da da x2
You changed me and there's no turning back
La da da da da da x2
You changed me and there's no turning back

If only you knew what you'd done to me
If only you knew, if only you knew
How you chew me up and swallow my dignity
If only you knew, what would you do ?

If only you knew what you'd done to me
If only you knew, if only you knew

How you chew me up and swallow my dignity
If only you knew, if only you knew

If only you knew, if only you knew
