## Black Bomb A

Take it now !

Go ! I make my best for my motherfucking, for my motherfucking life

I have so much to give, but I have nothing to lose

I don't wanna be a pawn

I rise, I grow, give to the core Project !

I'm working hard on my project

Know that everyday I live for my project

I'm working hard on my project

I'm living, I am living, living for my Project !

Project !

I'm working hard on my project

Know that everyday I live for my project

I'm working hard on my project

I'm living, I am living, living for my Project ! I, I meditate, and I stand back from my like and my way

I meditate, I meditate, I meditate... Disillusion, exploitation, and corruption

I try to find da way to get through

Desillusion, exploitation, and consumption, I use my Integrity [x5] Integrity's power I've been a long long time to become really strong !

I live for my music, you, can't bring me down !

I cannot be manipulated, cause I'm not your puppet !

My music is a stand up fight, from the underground !

Don't stop me ! Don't judge me ! Don't treat me ! Like a child !

You can suck my dick, and go hang yourself !

Sometimes business is just like a war !

I rise, I grow, and I give to the core ! Project !

I'm working hard on my project

Know that everyday I live for my project

I'm working hard on my project

I'm living, I am living, living for my Project ! Project ! Project ! Project ! Project ! It takes vision and courage,

yes it takes vision and courage, yes it takes

vision and courage, yes it takes to create !

...PROJECT !!!
