

# Home (Cat Carpenters Remix)

Dotan

Run past the rivers, run past all the light  
Feel it crashing and burning, 'til it all collides  
Strike a match lit the fire, shining up the sky  
As it all comes down again  
As it all comes down again  
As it all comes down again, to the soundThe sound of the wind is whispering in your ear  
Can you feel it coming back?  
Through the warmth, through the cold, keep running 'til we're there  
We're coming home now, we're coming home now  
The sound of the wind is whispering in your ear  
Can you feel it coming back?  
Through the warmth, through the cold, keep running 'til we're there  
We're coming home now, we're coming home nowHear the voices surround us, hear them screaming out  
We'll be crying for mercy, we'll be crying out loud  
Burn the bridges in our town 'til the point where we drown  
As it all comes down again  
As it all comes down again  
As it all comes down again, to the soundThe sound of the wind is whispering in your ear  
Can you feel it coming back?  
Through the warmth, through the cold, keep running 'til we're there  
We're coming home now, we're coming home now  
The sound of the wind is whispering in your ear  
Can you feel it coming back?  
Through the warmth, through the cold, keep running 'til we're there  
We're coming home now, we're coming home nowWe are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming home, we are coming home  
We are coming homeThe sound of the wind is whispering in your ear  
Can you feel it coming back?  
Through the warmth, through the cold, keep running 'til we're there

We're coming home now, we're coming home now  
The sound of the wind is whispering in your ear  
Can you feel it coming back?  
Through the warmth, through the cold, keep running 'til we're there  
We're coming home now, we're coming home now
