Mexico (LP Version)

Firefall

Last night it snowed for the first time
Everything's covered in white
How many months till the springtime
Its a long winters nightI have to go, I feel I'm sinkin'
I just don't know
But I can't stop thinkin'
MexicoSomewhere that's close to the ocean
Somewhere that's warm and alive
Somewhere to sleep in the open
With the sun in my eyesI have to go, I feel I'm sinkin'
I just don't know
But I can't stop thinkin'
MexicoMexicoWinter wind blowin' and Lord but they sting
Summer wind sing to me and promise me everything
Blue skies and sunshine wherever I go
Sweet Senoritas are waiting to love me I knowMexico
Mexico
Mexico
Mexico
Mexico
