

# Pain Is

Alex Hepburn

Pain is being lost  
It's being me losing the ones I love  
Pain is watching my mum and cry  
Just can't stop the tears  
Is what I've licked on myself  
And it's how I feel  
Can't keep pretending  
It's gonna be alright

'Cause I don't need this love  
When it hurt so much  
I don't need this love  
Sometimes it ain't above  
I feel abandoned, straitened, lonely  
Won't you wake me from this dream

Pain is losing hope  
When there's no way out  
And nobody's home  
Pain is just part of me  
Feelin helpless inside  
It's everything when I believe  
When I got nowhere to hide  
Can't stop the emptiness  
Even if I try

'Cause I don't need this love  
When it hurt so much  
I don't need this love  
Sometimes it ain't a love  
I feel abandoned, straitened, lonely  
Won't you help me mama  
Soulless, helpless  
Mama won't you wake me from this dream

Oh, can anybody hear me,  
Can anybody feel me  
'Cause I don't even know which way to go, ohohoh  
  
Can anybody hear me,

Can anybody feel me  
Can't keep pretending  
It's gonna be alright

'Cause I don't need this love  
When it hurt so much  
I don't need this love  
Sometimes it ain't enough  
I feel abandoned, straitened, soulless  
Won't you help me  
Mama soulless, hopeless  
Mama won't you wake me from this dream...
