Peephole

Gringo Star

What did she ever do to you?
Can't help bein' born
At the wrong time in your sick little world
Impaled by Satan's horn
Locked in a closet without any clothes on
Mommy knows that
She been peepin' through a hole
Survivin' on her own human waste
Just hold on day by day
Yeah, surely somethin's gonna come
A white light is on its way
Locked in a closet without any clothes
Mommy knows that
She been peepin' through a hole
They're watchin' their TV, fuckin' on the floor
And mommy knows that

She been peepin' through a hole
Peepin' through a hole
They touch her with those filthy little hands
Abused, too afraid to cry
Just lyin' down there on a urine soaked floor
Can't move out, believe, dead bolt door
Without any clothes on
Mommy knows that
She been peepin' through a hole
They're watchin' the TV, fuckin' on the floor
And mommy knows that
She been peepin' through a hole
Peepin' through a hole
Yeah, yeah
