Stripped Fucked & Bored

Toxic Lab Rats

I'm stripped I'm fucked
Getting nothing out of this
I will quit I will split but my ignorance is bliss
Well I am fucked again

I'm bored and I drink
It's a better way I think
Than to think of all my troubles along the way
Well now I'm pissed again

I get up I go on
I make my way
It's my kind of contribution
I get up I go on
It's all the same
Hey!! Hey!! Hey!!

Now I sleep and I dream
Of my stupid little game
And I roll in my bed falling out of it again
Well I'm awake again

Bang my head on the floor
Who's that knocking on the door
Sirens sound my heart pounds
Where the fuck did I go wrong?!
Well I am fucked again
