

In Pieces

[Shannon Noll](#)

You're in my air
Every breathe that I take, I can't escape
Oh, everywhere I go
I feel your stare like you're there
Can't you see I'm scattered
Like memories from the past
Shattered like a bullet through glass I'm in pieces
On what might've been
Every night I'm spending sleepless
Smokin' cigarettes 'till 3am
In an empty bed and I can't get you out of my head You burnt your name
Into my heart where its scarred
I can't erase you from me
You soul and mine intertwined
You cut the line
And I'm drifting
Holdin' to the past
Memories like a bullet through glass I'm in pieces
On what might've been
Every night I'm spending sleepless
Smokin' cigarettes 'till 3am
In an empty bed and I can't get you out of my head
Oh, I can't get you out my head Outta my head
Outta my life
Outta my dream
Broken emotion
You left me in pieces Scattered like memories from the past
Shattered like a bullet through glass I'm in pieces
On what might've been
Every night I'm spending sleepless
Smokin' cigarettes 'till 3am
In an empty bed and I cant get you out of my head No, I cant get you outta my head Outta my head x 9
