Backbone

The Tins

If you need a shoulder
To cry on
I'll be your lighthouse
When it's dark out
If you should feel unsure
Or nervous
Just know that you're worth it
You deserve this
Don't be afraid
Keep your head up
Look where you are
You should be proud of
All you've accomplished
Put a smile on
And get it together
You can do this
You should know
That you're not alone
Have no fears
I'm right here
Like a backbone
Let me be your backbone
I just wanna be your backbone
Whatever you're going through
I'm here for you
Like a backbone
Let me be your backbone
I just gotta be your backbone
Whatever you're going through
I'm here for you
We all make mistakes
We can learn from
It only makes us stronger in the long run
Just know that you will be a better person
You're just getting started
Just scratched the surface
If ever you need motivation
I'll be on my way with no hesitation
You've worked so hard

It's your time

You're a star
How could you not shine
You should know
That you're not alone
Have no fears
I'm right here
Like a backbone
Let me be your backbone
I just wanna be your backbone
Whatever you're going through
I'm here for you
Like a backbone
Let me be your backbone
I just gotta be your backbone
Whatever you're going through
I'm here for you
You've got a lifetime ahead of you
So just leave the past behind
If you fall i'll help you stand tall
I'll pick you up
Like a backbone
Let me be your backbone
I just wanna be your backbone
Whatever you're going through
I'm here for you
Like a backbone
Let me be your backbone
I just gotta be your backbone
Whatever you're going through
I'm here for you
Like a backbone
Let me be your backbone
I just wanna be your backbone
Whatever you're going through
I'm here for you
Like a backbone
Let me be your backbone
I just gotta be your backbone
Whatever you're going through
I'm here for you
