

# Bugman

## Blur

I am an ex offender  
They let me out in the summer  
I think I was in a coma  
I didn't know what to do, oh no You go hang around go round  
I'll watch myself hang on  
Look out for the Bugman  
You go hang around around  
I'll watch myself hang on  
Look out for the Bugman I got no sense of existence  
I know the nodding dogs  
I go out in the city  
I stay away from the bugs, oh yeah You go hang around around  
I watch myself hang on  
Look out for the Bugman  
You go hang around around  
I watch myself hang on  
Look out for the Bugman The bu uh uh ug man I go out in the city  
I stay away from the bugs, oh yeah  
Na na na na na, oh oh I go out in the city
