KAT-TUN

All or nothing, now or never
We can make it happen, we can make it all right
Time is coming, everlasting
Don't you wanna see it when we make it worldwide All or nothing
Kaze ni nabiku yogoreta shatsu ga kimi no chizu sa
Donna toki mo mou mayowanai kimi wo dakishimeru baby, all night All I have wanted was another chance to
show
What was my wish of start to another world that lift me to the sky
All I have needed was to get back on the track
I can feel, it's for real, this time I will hit back
I used to be the last man in the luck so long, I gonna be fine
It's too big question makes how big a man come along
The end of world crying, the end of world hiding
It's my passion, that's my mission to decide
I'm going world wide All or nothing, now or never
We can make it happen, we can make it all right
Time is coming, everlasting
Don't you wanna see it when we make it worldwide The end of world crying, the end of world hiding
It's my passion, that's my mission to decide
I'm going world wide Kore ga my noise da men boys & girls kike snow to seven
Doko mademo kakageta dokuro maaku no ikari sageta chi ni shinnen chikai All I have wanted was another
chance to show
What was my wish of start to another world that lift me to the sky
All I have needed was to get back on the track
I can feel, it's for real, this time I will hit back All or nothing, now or never
We can make it happen, we can make it all right
Time is coming, everlasting
Don't you wanna see it when we make it worldwide Tabidachi no kane ga narihibiku
Chiheisen ga kieru basho de kimi no hitomi
Omoidaseba aitaku naru demo modorenai All or nothing
Kaze ni nabiku yogoreta shatsu ga kimi no chizu sa
Donna toki mo mou mayowanai kimi wo dakishimeru baby, all night All or nothing, now or never
We can make it happen, we can make it all right
Time is coming, everlasting
Don't you wanna see it when we make it worldwide All or nothing
Kaze ni nabiku yogoreta shatsu ga kimi no chizu sa
Donna toki mo mou mayowanai kimi wo dakishimeru baby, all night
